A MOMENT OF
science,
PLEASE

With the end of the first semester brings with it the sad news that it is also the end of Miss Paterson working in Preeceville School for the 2021/2022 school year. Miss Paterson will be moving down the road and teaching various science classes at Sturgis Composite School for the second semester. Thank you for everything you do for the staff and students. The loss of Miss Paterson from Preeceville School is Sturgis' gain and we wish her all the best in Sturgis.

Landon Erickson (L) presented Miss Paterson (R) with some flowers and a note saying, "Best wishes from your friends at Preeceville School."

Looking forward to having you back next year Miss Paterson!

Livestream Event: “When the Trees Crackle with Cold”

This year’s Family Literacy theme is “Learning in the Great Outdoors” and as part of Literacy Day the grade 3 and 7 classes took time to watch the livestream of Bernice Johnson-Laxdal (L) and Miriam Körner (R) share from their book “When the Trees Crackle with Cold.” Author Bernice Johnson-Laxdal shared stories about her childhood growing up around Île-à-la-Crosse in northern Saskatchewan. The kids also heard from Miriam Körner, illustrator and co-author, who helped make this book and who created the lovely art in the book!

HOW DO YOU FEEL TODAY....

Students and staff members are reminded to complete a daily personal screening check before school to ensure they are feeling well.

If a student is experiencing cold or flu-like symptoms (fever, cough, headaches, aches and pains, sore throat, chills, runny nose, loss of taste or smell, shortness of breath or difficulty breathing) they must not attend school.

For further information, refer to the GSSD Return to School Handbook. Source: gssd.ca

Some people experience mild symptoms or no symptoms at all. Stay home even if you have mild symptoms.

EXTRA-CURRICULAR ACTIVITIES

Additional enhanced safety measures have been developed in consultation with GSSD, CTTCS, and ECDAA representatives to allow for safe participation in extra-curricular activities. These measures will be reviewed at the beginning of each month.

Dependent on:

- Provincial and local COVID-19 transmission levels
- Provincial Public Health Orders
- Advice from the Local Medical Health Officer
- Collaboration between GSSD, CTTCS, ECDAA, & local In-School Administration

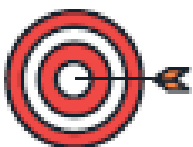

Current Enhanced Measures

- Students will be allowed to participate in extra-curricular sport activities within and outside of their home community following the current public health orders and division safety protocols.
- Spectators will be limited to the parents or guardians of the participant.
- All student athletes and coaches will complete a rapid self-test the day of games and prior to travel. Individuals who test positive for COVID-19 would follow self-isolation requirements.
- Tournament play will be permitted.

Continuing With Sport

- The current enhanced measures will be reviewed at the beginning of each month.

Thank you for your continued support as we ensure student & staff safety while participating in sport.

The Science Lab is in need of eyeballs for second semester. If you happen to be butchering cows or pigs in the next little while please think of saving the eyeballs and get them to the school. It would be greatly appreciated.

REMEMBER:
If your child(ren) is/are absent from school their teacher(s) will post the work online for them to complete.
